This bull has size and breeding. His sire is out of the 1962 International Champion Female; he was shown locally and was undefeated. His dam weighed 1050 at two years and just presented us with a beautiful 81 lb. at birth full brother to PH Dante's Consort—her second calf and she's only three herself. You can't go wrong with this bull.

Red, Finley MacGillivray

Here is a calf that showed very well for us as a senior calf this past year. He was Reserve Calf Champion and Reserve Grand Champion at the Ohio State Fair and certainly has a right to go on to be a great herd bull. His mother, Louada Augusta Averil, by Bapton Constructor, is one of the best breeding females we have ever had. Look at this bull and his pedigree, and I think you will find this a rare opportunity to buy the best breeding anywhere.

**LOT NO. 9****MALE****ZEIGLER'S CAMBRIAN—3392-550**

Red, calved July 24, 1968

Bred and owned by Hidden Valley Farms, Fombell, Penna.

Zeigler's Cambrian, a fast gaining modern bull just old enough for service. He weighed 1305 lbs. on March 10, 1970. We only raise one spring and summer bull calf; this was our selection in 1968 out of seventy calves. His dam, Denend Judy Clara, was also the dam of the 1966 Supreme Champion at the Chicago International. This bull has some of the all-time great cattle behind him. He should be able to improve anyone's calves. Herd accredited and certified.

Red, Hidden Valley Farms

Zeigler's Miriam was vaccinated as a calf. This heifer will have a calf by Louada Rothes Baronet before Sale day. Her sire has sired many champion steer calves. This calf should be a good one as this Stalwart-Baronet combination is working well for us. This heifer will grow up. She will calve before she is two years old.

Clara Joyce's breeding record is identical to Clara Von's. In addition, her dam (Mandate's Diamond Clara) was the dam of the very popular light roan cow that sold to Kenneth Hoskins of Middlebourne, W. Va., in the Fall '68 Sale. Just ask Mr. Hoskins what he thinks of the two cows he bought from us in this sale. Also, another maternal sister of Clara Joyce's was Grand Champion female at the Fayette County Fair in 1969 at 5 months of age for Robert Prentice of Monongahela, Pa. She was sold before being classified, but it's my opinion that she would have been AA.

RAE Clara Von's sire and dam are both solid AA animals. Since her first calf last fall, we have been allowing her to run open so she could be bred in April to join the rest of the herd in February and March calvings. However, she will probably be settled safely by Sale day to Belle Meade Brigadier, a very modern, big bull that weighed 800 lbs. at 9 months on just a growing ration. He is of Scotsdale breeding and was bought at his dam's side in Illinois. He has never been classified, but his dam is a solid AA cow of outstanding character. This outcross to a big bull should be worth waiting for.

# **STANDARD GUARANTEE**

**Endorsed by**

## **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as the service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
